

Hampton Conservation Commission

October 27, 1975

The Chairman, Nelson Grant, opened the meeting at eight ten, with Ednapearl Parr, Ed Loughlin and Ruth Mutter present.

The Quinlan development was again of paramount interest, and Ed brought us up to date on what the Planning Board had done. The suit against the Planning Board by the Quinlans, held in Exeter, and the decision of the Judge at Superior Court was discussed. Following this, was the summons of Louisa Woodman, Chairman of the Planning Board, to the Federal Court in Ossipee. At this time, Mr. Chamberlain, from Mr. McGee's office, said that permission to build twelve buildings, as planned, would be granted to the Quinlans. The Secretary was directed to write a letter to Mr. McGee, stating our position, that we felt it unwise to encourage land sub division on wetlands, and that the Quinlan property was partially wet lands.

The Secretary had written letters to the five abuttors, and received answers, by telephone, from Mr. Freeman in Methuen, and Mrs Smith, in Exeter.

Nelson showed an application from Foss, a new business coming to Hampton, and it was decided to make no objections to their plans to dredge and fill.

The meeting was adjourned at nine fifteen.
